JenniferKral.com

SUMMARY

Driven professional experienced in creating full-stack web applications seeking a Web Developer position in an environment that continually embraces new technologies and fosters innovative ideas.

EDUCATION

Full-Stack Web Development Certificate

2018 University of Minnesota, Minneapolis, MN

- Graduate of an intensive coding bootcamp based out of University of Minnesota College of Continuing Education involving in-class teaching through an extensive curriculum using JavaScript, Node.js. Express.js, jQuery, AJAX, REST APIs, React, MySQL, and Mongo DB.
- Worked individually with teams to develop several full-stack web applications

Bachelor of Arts Biology

2016 University of Minnesota, Minneapolis, MN

EXPERIENCE

QA and Committee Assistant   Nov 2017 - Present

University of Minnesota Clinical Trials Office   Minneapolis, MN

- Assist the Data Safety and Monitoring Council with analyzing clinical trial data to maximize data integrity and patient safety
- Quality review all clinical data including Serious Adverse Events (SAEs), accrual rates, study status changes, and monitoring findings
- Co-manage the Cancer Protocol Review Committee to ensure scientific merit of trials, evaluate trial accrual, and oversee trial resource allocation
- Correspond with Principal Investigators and other staff regarding trial management
- Attend monthly DSMC meetings and bimonthly CPRC meetings to review clinical trials and record committee decisions

Claims Specialist   Aug 2016 - Jul 2017

Park Nicollet Health Services   Minneapolis, MN

- Ensure accuracy of provider billing information submitted on health insurance claims
- Problem solve a large volume of claim denials to recover reimbursement from third party payers (e.g. Blue Cross, Medicare)
- Determine financial adjustments on patient accounts
- Perform data analysis on exported claims data via Excel and MS
- Provide customer service regarding patient account balances and insurance billing
- Decreased volume of a queue by 30% after developing an updated invoice deferral system

Pharmacy Technician   Nov 2015 – July 2016

Walgreens Pharmacy   Eagan, MN

- Work closely with pharmacists and technicians to accurately and efficiently dispense prescriptions in a high volume pharmacy (500+ RX/day)
- Verify health insurance eligibility and resolve complex insurance rejections
- Provide excellent customer service to patients and healthcare providers
- Perform data entry of prescriptions by computer

Research Assistant   Mar 2013 – Mar 2014

University of Minnesota Masonic Cancer Center   Minneapolis, MN

- Collaborate on a biology research project to study the role of p53 gene knockouts in the development of small cell lung cancer in mice models
- Perform laboratory tests to produce data to support scientific investigations
- Troubleshoot and revise experimental techniques as needed
